Lump sum	£8,000		
Additional payment £5 per pupil	£ 270		
Total received for 14-15	£8270		
Summary of the funding			
<p>The key objective of the PE and Sports Premium is to improve the provision of sport at Easington primary by:</p> <ul style="list-style-type: none"> <li>• Broadening the sporting opportunities and experiences available to pupils so increasing engagement in sporting activities and promoting healthier lifestyles</li> <li>• Developing appositve attitude towards sport and physical activities</li> <li>• A willingness to try different sports alongside pupils from other schools</li> <li>• Supporting teachers in delivering consistently good PE lessons</li> </ul>			
Area	Aim	Impact (end of year)	Cost
Regular PE coach to work with all classes and all teaching staff.	<p>To improve the provision of specifically games skills with all year groups.</p> <p>To improve the knowledge of teachers in how to provide the skills development for their year groups. This included part of a PD day for all staff to take part in activities to illustrate the skills development across the academy.</p> <p>To train play leaders to work with pupils on the playground so encouraging more pupils to be active at playtimes</p>	<p>Pupils are keen to participate within lessons but also in afterschool club.</p> <p>Additional support provided for swimming sessions supported temporary staff and therefore pupils.</p> <p>Staff feedback to PE training was positive and all felt more confident with what they were learning.</p> <p>Play leaders effective in roles working with other pupils to promote physical activity.</p>	<p>1.0 day per week including 1 after-school clubs plus extra sessions to support CPD and swimming</p> <p>£4600</p>
Additional coaching from Hull Stingrays ice hockey team, Hull FC rugby team, street dance as after school activity.	<p>To further develop specific skills with coaching from professional athletes.</p> <p>To increase the uptake of pupils engaged in physical activity both on playground but also in after and out of school activiities.</p>	<p>Use of the specific hockey equipment created a buzz. Year 2 – 6 included in this coaching. The coaches used the same basic skills they would do for their teams but in our hall. Pace was fast.</p> <p>More than half the class who took part in rugby went on to join in a local tournament with other schools.</p>	<p>Stingrays - £180</p> <p>Dance - £360</p>

		Improved accuracy in ball skills. Mainly girls (but not exclusively) joined in dance. Well supported and showcased to parents at end of each 6 week session	
Participation in local area schools' games: football 5-a-side run by Hull City football team, Tri-golf, netball, swimming, orienteering, Hull area rugby festival. Providing transport to and from some venues.	To participate and compete with other pupils of the same age in a range of familiar and unfamiliar sports. To enable our teams to be able to take part, transport was required	Teams enjoyed experience – taking part was key but there were some successes along the way. Three pupils who had not played football on regular basis went on to join local team and are playing weekly in their age group.	£400 share of coach travel to and from venues
Additional equipment to enhance PE provision e.g. rounders equipment, tennis rackets, CrazyCatch nets, variety of balls, ropes. Hire of soft play equipment Maintenance of PE/physical activity equipment in line with Safe Practice in PE & Sport	To develop the range of equipment to use within the academy, looking to the future when funding is withdrawn, including for youngest pupils. H & S checks ensure all equipment is safe and ready to be used.	Over time, equipment had become dated. Last year and this year, we have been improving the quality and range of equipment. PE equipment checks ensures maintenance to a high standard and ready to use at all times. Some outside equipment was condemned - no immediate plans to replace fixed equipment due to tendency of ground to become waterlogged.	£2500
