

KS1 Homework Spring Term 1

Our Sustainable World

Pick at least 3 homework topics to complete at home. This can be done in your homework book or on any other medium that you choose. Your work will then be displayed within school and may be on our website. Adults will get the opportunity to look at your fabulous creations when they visit the school.

Challenge yourself to design a piece of work that you are really proud of!

Remember you can complete your homework at our library/homework club on Wednesdays 3.15-4.00pm.

<p><b>Engineer</b> Can you create a micro habitat?</p>	<p><b>Artist</b> Sketch a habitat of choice, including any animals that you can see.</p>	<p><b>Art and Craft</b> Using debris picked up from the garden or beach can you produce an interesting work of art?</p>
<p><b>Writer</b> Imagine you find a camera on the shoreline. It has been washed up from a different country. Write a description of the images you find.</p>	<p><b>Game Designer</b> Using a template from school, can you design a board game that teaches people about looking after our planet?</p>	<p><b>Adviser</b> Design a poster advising people on ways they can help to look after our planet.</p>
<p><b>Researcher</b> Choose 3 different animals from different habitats to research in detail. Can you compare all 3 animals?</p>	<p><b>Scientist</b> Create a fact book linked with transport. What is the quickest and most efficient method of transport and why?</p>	<p><b>Deeper thought</b> Give your family a list of 10 different ways to save water in your house.</p>
